Annotated Bibliography

Bibliography Citation Example: (Bibliography citation is to be placed at the top of the page)

Journal Article: (NOTE 2nd line indented 5 spaces!)

Website: (NOTE 2nd line NOT indented!)
http://www.physsportsmed.com/issues/2000/04_00/boden.htm

In 3 distinct paragraphs (or, including I, II, III prior to the appropriate paragraph to distinguish between them), include:

I. Brief summary of article highlighting the major points and ideas.

II. Personal critique of the article (pros/cons, techniques, indications/contraindications, etc.). Also include suggestions for improvement of writing or research involved.

III. Conclusion of the article and any other comments or suggestions relating to the article you reviewed.

EVALUATION:
- All annotated bibliographies must be typewritten or they will not be accepted
- Annotated bibliographies are to be 1 page only with double-spacing and 1” top/bottom and left/right margins. Do not use more than a double space between paragraphs!
- The only items at the top of the page should be the citation and your name.
- Only 12 cpi print of Times New Roman or a similar font may be used
- Journal articles must be dated 2009 or later. Articles dated before this will not be accepted. You will have 5 points deducted and must redo the article
- Articles must come from a professional journal only (see examples below). No magazine or newspaper articles will be accepted. If you are unsure whether your article comes from a professional journal, please check with me prior to using it!! Articles must be related to athletics, athletic training or sportsmedicine in general.
- Please include a copy of the article attached underneath your abstract.
- You must choose topics from the following list for your 2 abstracts. You may not use the same topic twice.
  - Environmental concerns (heat, lightening, cold weather, etc.)
  - Protective sports equipment
  - Taping and bracing
  - Organization and administration of athletic training
  - On field injury management (emergency care, emergency action plans, etc)
  - Nutrition
- You many not use the same article as someone else in the class.
